Re: 11,900' Sand, Reservoir A
South Lake Charles Field
Calcasieu Parish, Louisiana

Dear Commissioner Asprodites:

Application is hereby made on behalf of **JORDAN OIL COMPANY, INC.** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the establishment of rules and regulations and the creation of a single drilling and production unit for the exploration for and production of gas and condensate from the 11,900' Sand, Reservoir A, in the South Lake Charles Field, Calcasieu Parish, Louisiana:

1. To establish rules and regulations and to create a single drilling and production unit for the exploration for and production of gas and condensate from the 11,900' Sand, Reservoir A, said unit to be designated 11900 RA SUA.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate the Jordan Oil Company, Inc. – Verly Broussard No. 1 Well as unit well for the proposed unit.

4. To designate Jordan Oil Company, Inc. as operator of the proposed unit.
5. To provide that any future wells, replacement and/or alternate unit wells drilled to the 11,900' Sand, Reservoir A, should be exempt from the spacing provisions of Statewide Order No. 29-E.
6. To authorize the Commissioner of Conservation to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
7. To consider such other matters as may be pertinent.

The 11,900' Sand, Reservoir A, in the South Lake Charles Field, is hereby defined as being that gas and condensate bearing sand encountered between the measured depths of 11,880 feet and 11,947 feet (electrical log measurements) in the Jordan Oil Company, Inc. - Verly Broussard No. 1 Well, located in Section 16, Township 11 South, Range 8 West, Calcasieu Parish, Louisiana.

Pertinent data, including well logs, may be obtained AT THE COST OF THE REQUESTING PARTY from W. H. Robbins & Associates, 140 Rue Beauregard, Suite 100, Lafayette, Louisiana 70508, Telephone Number 337/232-5004.

Pursuant to the Rules of Procedure, a pre-application conference was held on Thursday, March 29, 2001, in the offices of Liskow & Lewis, 822 Harding Street, Lafayette, Louisiana, wherein the parties named on the attached list were in attendance. The conference was opened by Messrs. Richard W. Revels, Jr. and Remy Williams who explained the basis of the unit proposal on behalf of the applicant, Jordan Oil Company. Messrs. Jim Hardwick and Frank Cormier, representing the Klumpp Family, presented a counterplan with a unit consisting of approximately 60 acres based on a midpoint shale out line on the southwest side. Differences could not be resolved at the conference; however, the various parties will continue to negotiate in the hope of reaching a compromise prior to the hearing. The parties reserved their rights and the conference was then adjourned.

Attached hereto and made a part hereof is a plat outlining the proposed unit and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties and plat (being the same plat attached to the notice dated March 8, 2001) are being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. The list of parties and/or plat will, however, be furnished by the undersigned to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

March 30, 2001

Page 3

Finally, enclosed is our check on behalf of the applicant, in the amount of \$700.00, made payable to the Office of Conservation representing the required hearing application fee.

Very truly yours,

Richard W. Revels, Jr.
